— = Data not accurate at the county level.

NA=Not applicable.

<sup>1</sup>Agency abbreviations in table are HUD = U.S. Department of Housing and Urban Development; EDA = Economic Development Administration (U.S. Department of Commerce); FEMA = Federal Emergency Management Agency; USDA = U.S. Department of Agriculture; CSREES = Cooperative State Research, Education, and Extension Service; RBS = Rural Business-Cooperative Service; RUS = Rural Utilities Service; RHS = Rural Housing Service; BIA = Bureau of Indian Affairs (U.S. Department of the Interior); DOT = U.S. Department of Transportation; EPA = Environmental Protection Agency; SBA = Small Business Administration; FHA = Federal Housing Administration; VA = U.S. Department of Veterans Affairs.

<sup>2</sup>Dollar amounts are for the U.S. total (includes both metro and nonmetro) for fiscal year 1996. Because the data source is the Bureau of the Census, these totals may differ from those cited from other sources.

<sup>3</sup>Includes economic and defense adjustment.

<sup>4</sup>Federal Funds data covering CSREES extension activities (includes research) and RUS electric and telephone loans only track funds to the county where central offices are located. The services provided by these programs often cover multicounty areas; hence, these data probably understate the extent to which nonmetro counties benefit from the programs.

<sup>5</sup>The percentages reported here refer to the entire Special Economic Development and Adjustment Assistance program, which includes both economic adjustment and defense adjustment (this program was also reported earlier under general business assistance).

<sup>6</sup>Data for calendar year 1996.
